« U » SERIES PALLET FENCES

Increase your freight capacity
by 25% to 30%

TECHNICAL SPECIFICATIONS

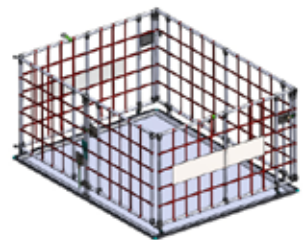

The AeroNet «U» Series pallet fences are designed to be used with pallet to give a maximum protection and security to your Cargo.

The pallet fences are designed to optimize the volume especially for mail transportation.

- Non welded assembled structure
- Fully collapsible by one man
- Full opening on the longest side
- Stackable (recommanded for 6 units)
- Airline logo and ID code to be sticked on the pallet fences

UMC Light

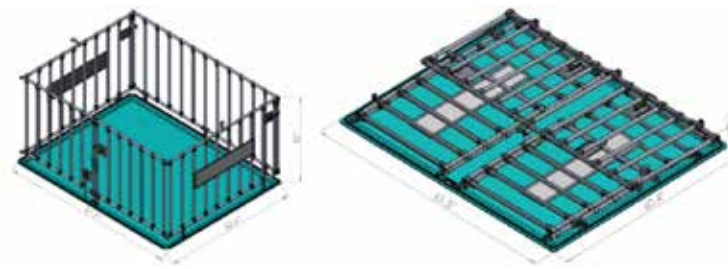

New product design

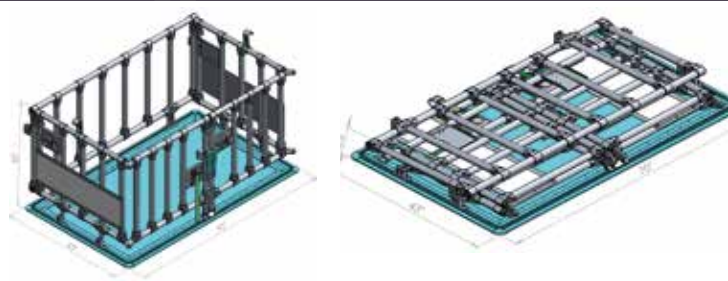

UMC for PMC

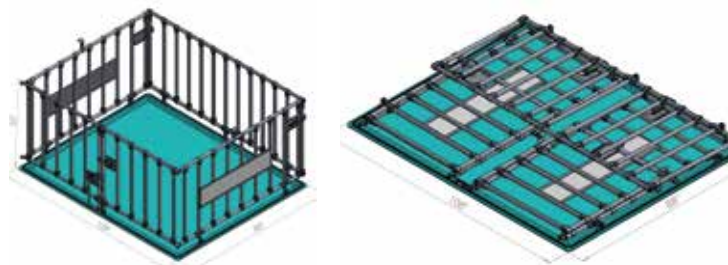

UKC for PKC

UYB for PYB

UBJ for PBj

MAINTENANCE

Advantages of the «U» series

- non-welded design that makes the fences stronger
- easy replacement of the parts and longer life as compared to welded designs.
